Re: NVF Site: Kennett Square, Chester County, Pennsylvania.

Dear Mr. Messrs. Danyliw, Bietler and O'Neal:

This will serve as a follow up to my April 23, 1992 letter requesting a meeting with you regarding the NVF Site. I believe that it will be useful and productive if we meet to discuss the requirements of the proposed Unilateral Order to the NVF Company and the ARARs that will be required. However, if you do not wish to discuss these matters in person, EPA requests that you provide a written list of the ARARs that the Pennsylvania Department of Environmental Resources believes are relevant for to this Site by May 20, 1992. In the event that EPA does not receive such a list by May 20, 1992, we will proceed on the basis that the ARARs identified by PADER, verbally when I talked with Mr. Danyliw via telephone conversations and subsequently confirmed in by my April 23, 1992 letter are valid.

AR100941

Additionally, attached for your information is a "draft" copy of the Unilateral Order which may be issued to the NVF Company. Please let me know if and/or when you would like to meet to discuss these issues.

Sincerely,

A handwritten signature in cursive script that reads "Harry T. Daw".
